

# Campus Evacuation

**Vehicles:** Secondary routes are secured with gates which Security or Facilities Services will unlock as soon as possible in the event of a campus evacuation order.

- The northern exits can be accessed by unimproved roads in the back 40, and are gated. To access the back 40 go north (between Dornsife and the Baldwin-Jenkins parking lot) from the 4-way stop in front of Robinson.
- The western exits are accessed through the G parking lots, between the Fieldhouse and WALT.
- The eastern exits are accessed through the B1 (HUB) parking lot; the church parking lot is gated.

**Pedestrians:** Pedestrians should use the most direct route off campus avoiding hazards and responding vehicles.
